Mission statement

The Munich Student Union supports students in all social and economic issues and provides the perfect framework for a successful completion of studies without worries.

We support all students. We reach out especially to students who have difficulties studying due to financial, social or health reasons.

We work closely with students and universities in order to constantly improve our offers and participate in the development of the university scenery.

We see ourselves as student's partners, constantly develop our range of offers and engage in active quality management.

We maintain a cooperative style of leadership, as our most important resources are our employees.

We are a family-friendly student union. We help our employees combine work and family, and help studying parents organize their studies.

Conscious of our responsibilities for this generation and those to come, we make a great effort to act in an environmentally sustainable way.

... damit Studieren gelingt!
